

ThumbDrive™
SMART

Smart Buddy

so smart that it installs itself

Set to be the de facto standard
of external data storage

TREK™

ThumbDrive™ SMART

Drivers? Why bother! Introducing the TREK ThumbDrive™ SMART a thumb-sized portable storage device that requires absolutely no installation procedure. Choose from a wide array of storage sizes, from 8MB to a whopping 512MB.

The USB plug & play makes connecting the ThumbDrive™ SMART to your desktop or laptop a fuss free operation. No power supply, no external cables and certainly no drivers installation are required. TREK ThumbDrive™ SMART. The imperative choice of tomorrow.
